1

Accessibility Check-in Reminders: All Attendees

- Say your name each time you speak.
- Use your device's microphone to project your speech; repeat questions when asked.
- Language access options provided upon request to include real time captioning.
- Spell acronyms and avoid or define terms, jargon, and idioms.
- Speak clearly; avoid speaking too fast, which is particularly helpful to individuals whose primary language is not the one in which you are speaking, sign language interpreters, and real time captioners.

2

Accessibility Check-in Reminders: Speakers

- Summarize major points.
- Avoid reading word-for-word text on presentation slides unless you are reading a quotation.
- Give background and contextual information.
- Display key terms and concepts visually.
- Describe visuals such as images, objects, infographics, diagrams, and more so that non-visual participants can understand the information being presented.
 - **Example:** "On the screen is a diagram which represents the process flow which starts with..."
- Offer outlines and other scaffolding tools: connecting your presentation information by building upon what participants may already know.
- Give attendees time to process information; pause between topics, and after you ask for questions.

3

Accessible, Inclusive Self-Introductions

Participants with vision take in a lot of information about the people and the environment around them. To offer context for all participants, visual and non-visual (people with blindness or low-vision, a brief description of yourself using a few sentences. At a minimum, include the following details:

- **Name**
- **Organization and role**

You may also include your gender identity, your pronouns, your race or ethnicity, your skin color, hair color and style, whether you have facial hair, what clothing and jewelry you are wearing, and a short description of your background.

- **Attendee Example:**

- My name is ___ from the *(insert organization/agency/community)*. I am a black woman with curly black hair and round gold glasses wearing a red dress and snazzy black heels. Behind me is a gray wall with several framed pictures, next to a bookshelf.

- **Speaker/Facilitator Example:**

- My name is ___ with *(insert organization)* where I serve as the *(insert role)*. I am a Hispanic male with wavy brown hair wearing a blue button-down shirt and khaki pants with a gold apple watch and navy-blue loafers. Behind me is my living room filled with my children's favorite toys.

- Member Role and Expectations
- Meeting Structure
- Impact and Representation
- Staying Connected
- Questions and Contact Information

10

10

Purpose of the Committee

- Medicaid members + Authorized Representatives = Shared Medicaid experiences, observations, and recommendations
- Encourage members to participate in the discussions and work of the MAC committee.
- Encourage members to offer recommendations to the Department of Medicaid Assistance Services Agency Director, their executive leadership team, staff and the State Board to DMAS.

CardinalCare
Virginia's Medicaid Program

11

The Beginning

Established in 2018

First meeting – April 01, 2019

The committee, while advisory to the DMAS Director, is not an advocacy or lobbying group.

The committee makes recommendations concerning the development and communication of services, programs, and ideas.

The Deputy Director for Administration and Coverage serves on the Committee as an ex-officio member.

Started as an initiative of the Appeals Division.

Second state to establish a statewide advisory committee made up solely of Medicaid recipients or their authorized representative, Colorado was the first.

12

12

MAC Member: Roles, Responsibilities, and Expectations

- Provide recommendations based on direct experience with the Virginia Medicaid program.
- Serve as a leader within the community in Medicaid MAC meetings to identify and shape areas to improve enrollment procedures, quality, and access to care.
- Provide feedback that will help to inform recommendations to DMAS and beyond from the perspective of current Virginia Medicaid members.
- Review supplemental materials in preparation for robust meeting discussions and dialogue.
- Participate fully and authentically as part of the Virginia Medicaid process.

13

Are there prerequisites for becoming a MAC Member?

To contribute to the DMAS' goal of improving its services, a member does not need to be an expert on Medicaid.

ONLY Requirements:

- Have a willingness to share Medicaid observations
- Offer recommendations on how the Virginia Medicaid program can improve its service to members

14

2024 Committee Composition

Recognizing the uniqueness of each Medicaid recipient, the steering committee endeavors to achieve a diverse state-wide representation of Medicaid recipients from different eligibility groups and backgrounds.

- We are ending our fourth class of MAC members.

Gender	#	Race	#	Age	#	Region	#	Representing	#
Male	3	Caucasian	3	Under 30	2	Northern	4	Self	5
Female	8	African American	5	31-45	4	Central	2	Someone Else	6
Gender Fluid	0	Asian	2	46-55	4	Southwest	2	Self & Someone Else	0
		Hispanic/Latino	1	56-65	1	Tidewater	2		
				Over 65	0	Piedmont/Western	1		

The MAC Pact

MAC member expectations for interactions and strategies for accomplishing goals together

How We Interact Together	How We Get Things Done
<p>We are welcoming to one another in our authentic state.</p> <p>We prioritize time to get to know each other during meetings and promote a healing environment.</p> <p>We commit to respecting and collaborating with one another and suspending judgment.</p> <p>It is important to us that all MAC member voices are heard.</p> <p>We share our personal experiences and perspectives, but we consider the experiences of other members as well.</p> <p>We approach challenges with solution-focused energy.</p> <p>We want to be hard on the problem, not each other.</p> <p>We respect the time and energy each members takes to invest in providing feedback to the DMAS Director.</p>	<p>We are mindful of acronyms and commit to spelling them out in conversation and in writing.</p> <p>We are mindful of time, but flexible and intentional when the schedule may need to change.</p> <p>It is important to us that only one person speaks at a time.</p> <p>All those participating are mindful of each other's time and will make good and respectful use of it while gathered.</p> <p>We enjoy collaborating with a designated facilitator to keep the meeting on course.</p> <p>We will maintain a "parking" lot of items for future discussion.</p> <p>We want to see the action! It is important to us to have a timely follow-up when feedback is given.</p> <p>Change it up! We prefer to vary our activities, topics, and lunch selections when possible.</p>

The MAC Pact is to be reviewed by each member before each MAC meeting and is subject to edits and revisions at any time as desired by the MAC.

Committee (MAC) Application

20

The Ripples of Representation

- Communication with the public enhanced
- Helps to create more clarifying language on member correspondence
- Helps improve website navigation in member focused areas and with provider engagement
- Provided member experience to support COVID-19 guidance during pandemic
- Reviews program materials and offers recommendations for design and language
- Asks challenging questions about benefit implementation and MCO care coordination
- Helps root out better ways to navigate challenges within the Virginia Medicaid ecosystem
- Demonstrated the need for a member advisory council within every state

21

Continued Investment is Yielding Growth

- MAC is in its 5th year
- VA provides technical assistance on committee development to other states
- Over 400 MAC applications were received for the 2024 recruitment cycle
- MAC is an example of how to translate lived experience into action items and guidance that impacts thousands across the Commonwealth
- Leaders are being built and encouraged to serve beyond MAC
- Members serve on other statewide advisory committees to help improve systems and tools
- MAC feedback pushes the agency to improve on multiple levels
- Fosters champions/ambassadors for Virginia Medicaid
- Integration with the provider focused group is underway due to the finalized **Medicaid Access to Medicaid Rule**

NOTES

The Community Stakeholder Meeting (CSM) was established in 2021 and is organized and facilitated by Community Outreach and Member Engagement at DMAS. It is held every other month from February - November and invites community stakeholders and advocates to learn more about various topic areas around Virginia Medicaid. It provides attendees with an opportunity to ask questions or request presentations on other areas of interest to better help serve our current and potential Medicaid members. All meetings are open to the public and posted on the Virginia Regulatory Town Hall website.
